UZBEKISTAN STATE WORLD LANGUAGES UNIVERSITY

Commitment to Becoming a Carbon-Neutral University

SDG 13 Climate Action | Reporting year 2025

Uzbekistan State World Languages University (UzSWLU) has committed to reach net-zero greenhouse gas emissions by 2050. The commitment, the UzSWLU Commitment to Net-Zero Emissions by 2050, was made in 2022 and is published on the University website.

Item	UzSWLU
Target date for carbon neutrality	2050
Year of commitment	2022
Baseline	2022 greenhouse gas emissions inventory
Coverage	All University operations, including energy use, transport, procurement and waste
Latest inventory	2025: 10,075.31 tCO2e across Scopes 1, 2 and 3, of which Scope 2 (purchased electricity and heat) 1,109.05 tCO2e
Emission factor for electricity	UNFCCC standardized baseline grid emission factor for Uzbekistan, 0.506 kg CO2e per kWh
Reporting	Progress published in the University's sustainability reporting

The commitment is implemented through the Energy Management and Climate Action Plan 2022–2030, on-site solar generation of 1,818,133 kWh in 2025 and the annual greenhouse gas inventory.
