Nationwide project "Green space"

The implementation of nationwide project "Yashil makon (Green Space)" at the initiative of the President of Uzbekistan is to be set and in this project, planting of 200 million tree and shrub saplings is planned per year. As part of this large-scale initiative, the fall planting season has been extended. On October 21, planting of tree saplings was organized at the Uzbekistan State World Languages University for the effective organization of the autumn season of 2023 of the national project "Green Space".
