<https://uzswlu.uz/en/news/yongin-xavfsizligi-dolzarb-masala-1700210911> Following fire safety becomes more and more relevant in the autumn-winter season. Fire safety month events will be held at the locations. In particular, on November 16, a "Fire warning" event was held in the courtyard of the 2nd Faculty of English. This practical event was attended

by the management of the university, professors and teachers, employees of the emergency department of Uchtepa district, and students. The purpose of the event is to give necessary recommendations to students and employees on the prevention and warning of carbon monoxide poisoning, gas-air mixture flash, compliance with fire safety rules and emergency evacuation.

Description:

Campus Security:

24/7 Security Personnel: The university has security staff on duty around the clock to ensure the safety of students, faculty, and visitors. These personnel monitor entrances and patrol the campus regularly.

CCTV Surveillance: Cameras are installed throughout the campus, covering all key areas including entrances, academic buildings, dormitories, and common areas, enhancing security and monitoring.

Controlled Access:

ID Card System: Access to certain areas of the university, such as academic buildings and dormitories, is controlled through an ID card system. This helps in restricting unauthorized entry.

Visitor Registration: Visitors are required to register and provide identification before being allowed into the campus, further enhancing the security of the premises.

Emergency Response:

Emergency Contact System: The university has an emergency contact system in place that allows students and staff to quickly communicate with security personnel in case of incidents or emergencies.

Fire Safety Measures: Fire alarms, smoke detectors, and fire extinguishers are installed throughout the campus, and there are clearly marked emergency exits for quick evacuation if necessary.

Health and Safety:

On-Campus Medical Services: The university has a medical office that provides basic health services, first aid, and assistance to students and staff in case of minor injuries or health issues.

COVID-19 Precautions: The university has implemented health and safety measures such as regular disinfection of facilities, temperature checks at entrances, and ensuring the availability of sanitizers in classrooms and common areas.

Campus Environment:

Well-Lit Pathways: The pathways and common areas across the campus are well-lit to ensure a safe environment for students and staff, especially during evening hours.

Secure Dormitory Facilities: The university's dormitories are equipped with security measures including restricted access for residents only and regular monitoring.

These measures ensure that UzSWLU provides a safe and secure environment conducive to academic pursuits and personal growth. The university is dedicated to maintaining a positive and welcoming atmosphere while prioritizing the well-being of its community.
