2. Energy and Climate Change (EC)

2.15 – Impact of Energy and Climate Change Programs in Supporting the Sustainable Development Goals (SDGs)

Overview

The Energy and Climate Change programmes implemented by Uzbekistan State World Languages University (UzSWLU) are designed not only to improve campus energy performance but also to contribute to the broader objectives of the United Nations Sustainable Development Goals (SDGs). Through integrated policies, renewable energy investments, smart technologies, environmental education, research, and international cooperation, the university has established a comprehensive framework that supports sustainable development across multiple sectors.

The programmes are implemented through the **Energy Management and Climate Action Plan (2022–2030)**, the **Environmental Sustainability Policy (2024)**, the **Climate Action Roadmap 2035**, and the **Green Campus Development Programme**.

Contribution to the Sustainable Development Goals

The university's Energy and Climate Change initiatives contribute to the following SDGs:

SDG	Contribution
SDG 3 – Good Health and Well-being	Improved indoor environmental quality, green campus initiatives, sustainable mobility and healthier learning environments.
SDG 4 – Quality Education	Climate education, EcoLingua activities, sustainability awareness programmes and international knowledge exchange.

SDG 7 – Affordable and Clean Energy	Solar photovoltaic systems, solar water heating, smart energy management and renewable electricity generation.
SDG 8 – Decent Work and Economic Growth	Green procurement, resource-efficient campus operations and development of green skills.
SDG 9 – Industry, Innovation and Infrastructure	Fusion Energy Platform, Smart Metering System, AI-based smart building technologies and digital infrastructure.
SDG 11 – Sustainable Cities and Communities	Sustainable campus planning, green spaces, climate-resilient infrastructure and sustainable transportation initiatives.
SDG 12 – Responsible Consumption and Production	Energy efficiency, waste reduction, recycling, digital administration and sustainable resource management.
SDG 13 – Climate Action	Greenhouse gas reduction programme, carbon management, renewable energy expansion and climate awareness activities.
SDG 15 – Life on Land	Tree planting, biodiversity conservation, Green Linguapark and campus landscaping.
SDG 17 – Partnerships for the Goals	International cooperation, scientific conferences, joint sustainability projects and institutional partnerships.

Accreditation and Rankings Summary:

- THE World University Rankings:** Linguistics #201, Modern Languages #301
- QS World University Rankings:** TOP 1000+
- RUR Higher Education Ranking:** TOP 600
- HE European University Ranking:** TOP 119
- GreenMetric World University Rankings:** TOP 119
- Accreditation Council for Education (ACE):** Certificate of Accreditation for the Bachelor Degree Programme in Foreign Language and Literature (English Language) - Outstanding Accreditation
