UZBEKISTAN STATE WORLD LANGUAGES UNIVERSITY

Accessible Facilities for People with Disabilities

SDG 10 Reduced Inequalities | Reporting year 2025

Overview

Uzbekistan State World Languages University (UzSWLU) provides accessible facilities for people with disabilities across all six of its campuses: Main, Zakovat, Lutfiy, Mukimiy, Angren and Orta Chirchiq. Academic and administrative buildings are adapted in line with ISO 21542:2021 and national building norms, so that students, staff and visitors with disabilities can enter, move around and use university facilities on equal terms.

Implementation is supervised by the Accessibility and Inclusion Committee, established by Rector's Order No. 121/2023, which checks that facilities remain in working order and plans further improvements.

Accessibility facilities by campus, 2025

Campus	Accessible entrances	Elevators (Braille/voice)	Ramps	Accessible toilets	Mother-and-baby rooms	Reserved parking
Main Campus	10	2	16	20	2	25
Zakovat	8	4	12	18	2	20
Lutfiy	2	—	10	8	1	5
Mukimiy	2	—	8	8	1	5
Angren	4	2	12	12	1	15
Orta Chirchiq	2	—	5	6	1	5
Total	**28**	**8**	**63**	**72**	**8**	**75**

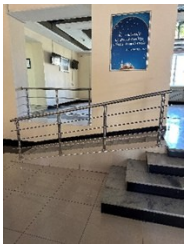

Features across all campuses

- **Step-free access.** Ramps at building entrances and staircases, wide-door accessible entrances, and elevators fitted with Braille buttons and voice announcements in multi-story buildings.
- **Navigation for blind and visually impaired people.** Tactile pathways, contrasting signage and Braille information panels in all buildings.
- **Accessible toilets** with grab bars, wider doors and wheelchair-friendly layouts.
- **Reserved parking** close to building entrances for people with disabilities.
- **Ground-floor classrooms.** Classes for students with mobility limitations are allocated on ground floors in every faculty.
- **Accessible accommodation.** Students with disabilities living in dormitories are given ground-floor rooms adapted with wider doorways, grab bars and wheelchair-friendly furniture.
- **Green accessibility corridor.** The Angren campus has a 600 m² accessibility corridor that combines green landscaping with wheelchair routes.

Elevators with tactile guidance paths leading to the doors

Awareness

To keep accessibility part of campus culture, the university organizes Accessibility Awareness Days, an Inclusive Campus Week, and training on universal design and equality.
