UZBEKISTAN STATE WORLD LANGUAGES UNIVERSITY

Public Access to Open and Green Spaces

SDG 11 Sustainable Cities and Communities | Reporting year 2025

Uzbekistan State World Languages University (UzSWLU) keeps green spaces on its campuses in Tashkent and the Tashkent region and opens them to residents and visitors free of charge. Its five sites, with a total area of 181,447 m², hold 28,780 m² of forest vegetation, mature trees and wooded green zones (15.86% of the total area), which the University keeps as permanent green cover.

Green spaces on University sites

Site	Forest vegetation, m²
Main Campus	8,760
Zakovat Street Campus	7,497
Faculties of Russian Philology and International Journalism	1,500
Angren Campus	3,500
Orta Chirchiq Recreation and Ecological Complex	7,523
Total	28,780

Access for the community

Courtyards, tree-lined avenues and green areas of the campuses are open free of charge, without an entry fee or University identification, for walking, rest and community events during the day. Open-air events on campus, such as the Navro'z celebrations, are attended by residents and guests. The Eco Club program in Guzar mahalla, Uchtepa district, has brought 300 students and local young people together to clean and care for green areas since September 2025.

Expanding green cover

Under the national "Green Space" (Yashil makon) project, governed by Presidential Decree No. PF-199 of 23 November 2023, the University planted 20 chestnut trees and 20 Crimean pines on campus on 15 March 2025, with whitewashing and care of existing trees, together with staff, tutors and students. Further trees were planted in the University's "Friendship" garden with members of the Writers' Union on 7 November and with the delegations of the Second Uzbekistan–China Education Forum in November.

Planting under the "Green Space" national project on the University campus, 15 March 2025
