Affordable Housing for Employees

SDG 11 Sustainable Cities and Communities | Reporting year 2025

Uzbekistan State World Languages University (UzSWLU) helps employees who need housing in Tashkent, in particular academic staff who relocate from other regions of Uzbekistan and international specialists who come to teach at the University. The University does not own apartment buildings for staff; instead it provides accommodation in its own guest house and dormitories, so that newly arrived staff do not have to rent housing on the private market.

University guest house

The University guest house on campus provides furnished rooms with a shared kitchen for visiting and relocating academic staff. In autumn 2025 it accommodated, among others, Associate Professor Elmira Aliyeva (Doctor of Pedagogical Sciences) and Associate Professor Sevinch Musayeva (PhD) of the Azerbaijan University of Languages, who teach in the Department of Integrated English Course 1 and the Department of Pedagogy and Psychology under an international cooperation program. On 17 November 2025 the Dean of the English Language Faculty 1, Guli Ergasheva, visited them at the guest house to discuss their working and living conditions.

Accommodation for staff relocating to Tashkent

- Staff relocating to Tashkent from other regions of Uzbekistan and international specialists may be accommodated in the University guest house or dormitories while they settle in the city.
- Accommodation is arranged by the University administration together with the faculty or department that invites the specialist, and living conditions are checked by faculty leadership.
