UZBEKISTAN STATE WORLD LANGUAGES UNIVERSITY

Student Union and Student Representation

SDG 16 Peace, Justice and Strong Institutions | Reporting year 2025

Recognition of the student organization

Uzbekistan State World Languages University (UzSWLU) recognizes the Primary Organization of the Youth Union of Uzbekistan at UzSWLU as the representative organization of its students. The organization is part of the Youth Union of Uzbekistan, a nationwide public organization, and operates under the Youth Union's own governing councils at the central, regional and local levels. Its rights and responsibilities within higher education institutions are set out in a joint resolution of the Ministry of Higher Education, Science and Innovation and the Central Council of the Youth Union of Uzbekistan adopted in 2023.

The joint resolution prohibits unjustified interference in the activities of youth leaders and the assignment to them of tasks unrelated to their role. The organization is led by the University Youth Leader and works through seven direction coordinators and ten faculty coordinators, giving students representation at both university and faculty level.

Democratic leadership

The Youth Leader is elected by students. Under the joint resolution, the leader is elected by open ballot at the general meeting of the primary organization for a two-year term, from candidates nominated by faculty youth councils and student initiative groups.

Participation in university governance

The Youth Leader is a member of the University Council, the permanent collegiate management body of UzSWLU. The current Council composition, approved on 25 September 2025, includes the Leader of the Primary Organization of the Youth Union at UzSWLU, who takes part in Council decisions alongside academic and administrative members.

Beyond the Council, the joint resolution gives the organization the right to:

- take part in educational and other university processes that concern the protection of students' rights and interests;
- obtain information from responsible staff and teachers on matters affecting students;
- examine the quality of teaching, relations between teachers and students, and the condition of library and sports facilities;
- conduct social surveys among students;
- submit proposals on students' problems and initiatives to the Rector and to higher bodies.

Student support and welfare

The organization's published goals include ensuring students' rights and protecting their interests, helping students resolve difficulties and problems, supporting the initiatives and talents of students and young people, and encouraging students who are active in the social life of the University. Students can raise concerns with the organization directly or through their faculty coordinators.

Social, cultural and community activities

The organization plans and runs a broad program of student activities, including:

Area	Activities
Clubs	Young Reader Club; "Masters of Applied Arts" club; "Zakovat" intellectual club
Flagship projects	Youth Festival; Youth Forum of Uzbekistan; TEDxUzSWLU; "Travel across Uzbekistan"
