UZBEKISTAN STATE WORLD LANGUAGES UNIVERSITY

Expert Advice to Government

SDG 16 Peace, Justice and Strong Institutions | Reporting year 2025

Overview

Uzbekistan State World Languages University (UzSWLU) provides specialist advice to government at national, regional and local level, drawing on its expertise in foreign-language education, linguistics, translation, international relations and social policy. This advice takes the form of participation in government working groups, provision of research evidence for government analysis, practical support to state agencies and expert input to public officials and legislators.

Level of government	Form of expert advice
National	Ministry working group on foreign-language teaching; research evidence for the Ministry of Foreign Affairs and state committees; test development for the national assessment agency; Uzbekistan–China Education Forum
Regional	Expert input to deputy district and city khokims of Andijan and Namangan regions
Local	Policy discussion with deputies of the Uchtepa District Council and national legislators on violence prevention

National government

Foreign-language education policy. At the instruction of the Ministry of Higher Education, Science and Innovation, working groups led by university rectors were formed to draft proposals and regulatory documents on improving foreign-language teaching in higher education. The working group meeting held at UzSWLU under the leadership of Rector Ilkhomjon Tukhtasinov examined staffing and research capacity, teacher certification, curricula, textbooks and learning resources, students' language outcomes, professional development, school–university cooperation, joint programs and international experience, and formulated specific proposals for raising the quality of foreign-language specialist training.

Evidence for government analysis. UzSWLU research on Central Asia in Türkiye's geopolitics and the prospects of a "Central Asia + Türkiye" format was used by the Ministry of Foreign Affairs in preparing information and analytical documents, as confirmed by the Ministry's certificate No. 16-03/14034. The same research was used by the Committee on Interethnic Relations and Friendly Ties with Foreign Countries under the Ministry of Culture in preparing analytical materials (certificate No. 14-07-609). UzSWLU research on phraseological units was also used by the "Oila va gender" (Family and Gender) Research Institute under the Committee on Family and Women's Affairs in its project to build an electronic corpus of literary works on family, mahalla and gender equality (certificate No. 01-09/2121-A).

National assessment. UzSWLU specialists provide practical support to the Agency for Assessment of Knowledge and Skills under the Ministry of Higher Education, Science and Innovation in preparing test materials.

Uzbekistan–China Education Forum. In November 2025 UzSWLU hosted sessions of the Second Uzbekistan–China Education Forum. The higher education and science session was moderated by the Vice-Rector for International Cooperation and opened by the Rector together with the Secretary-General of the Secretariat of the China Education Association for International Exchange. The sessions addressed training in the age of artificial intelligence, research cooperation, industry–education integration, vocational education, joint innovation projects and technology transfer, and the results of the forum were announced and approved at ministry level.

Sessions of the Second Uzbekistan–China Education Forum at UzSWLU, November 2025

Regional government

UzSWLU Rector Ilkhomjon Tukhtasinov took part, as a representative of the Ministry of Higher Education, Science and Innovation, in training and practical seminars for deputy district and city khokims, heads of organizational and personnel groups and candidates in the national personnel reserve in Andijan and Namangan regions. He briefed regional officials on the tasks set for heads of executive bodies and on issues requiring attention in resolving the problems of the population, while the Namangan program also covered regional socio-economic development, work with neighborhoods, youth policy, entrepreneurship and the green economy.

Local government and legislators

UzSWLU, in cooperation with the Central Apparatus of the Social Democratic Party of Uzbekistan "Adolat", held a round table on protecting women from violence with deputies of the Legislative Chamber of the Oliy Majlis, officials of the Committee on Family and Women's Affairs and the Ministry of Internal Affairs, and deputies of the Uchtepa District Council of People's Deputies. UzSWLU professors took part in discussing the Law "On Protection of Women from Harassment and Violence" and protection orders, and the participants agreed recommendations to strengthen preventive work in communities and intensify awareness campaigns.

Round table "We Are Against Violence!" held with the Adolat Social Democratic Party, March 2025
